

ICMR-NATIONAL CENTRE FOR DISEASE INFORMATICS AND RESEARCH

Department of Health Research, Ministry of Health and Family Welfare, Government of India,
Nirmal Bhawan- ICMR Complex, Poojanahalli Road, Kannamangala Post, Bengaluru –562 110. Karnataka
(India) Email: adm.ncdir@gov.in

Adv. No. 6/2023 dated 16-10-2023

Applications are invited for various project posts to be filled up on purely temporary or contractual basis at ICMR-National Centre for Disease Informatics and Research, Bengaluru through Walk-in-Interview.

Place of duty: ICMR-National Centre for Disease Informatics and Research, Bengaluru.

1. Name of the Project: **‘Older Population Based Cancer Registry under North East Region’ at ICMR-NCDIR, Bengaluru.** {Up to 31-03-2027}

Name of the Post	Project Technical Support – III (Programmer)
Number of Posts & Category	1 Post - ST
Essential Qualification	<p>Three Years Graduate in Computer Application / Information Technology / Computer Science / Information Science from recognized University / Institution with three years' experience</p> <p>OR</p> <p>Master's Degree in Computer Application / Information Technology / Information Science / Computer Science from recognized University / Institution</p> <p>OR</p> <p>Engineering (B.E/B.Tech): First Class Four Years Graduate Degree in Information Technology /Information Science/ Computer Science from recognized University / Institution with three years experience</p>
Desirable Qualifications	<p>Android developer Java, Android, Restful API and JSON Parsing, Multithreading, Java, XML, HTML5, CSS3, PHP, Angular JS, SQ Lite, My SQL, Data Encryption, Google Maps and location services. Familiar with Restful API to connect to server and JSON parsing, multithreading and parallel processing, knowledge in SQLite and data encryption, Google maps integration and related APIs, strong knowledge of Android UI design principles, patterns and best practices. Should have completed a course in Android application development and have a strong understanding of Android SDK and mobile app development cycle.</p> <p>OR</p> <p>.Net developer C#.NET & VB.NET developer with good communication and analytical skills. The ideal candidate should be proficient in the following areas: .NET Framework 3.5, ASP.net C#.NET, VB.NET, .NET MVC, MS SQL Server, JavaScript, LINQ, WCF Services/Web Services, JQuery, AJAX, JavaScript,</p>

	SQL Server 2005/2008/2012, web-designing skills with HTML 5, Bootstrap, Google Maps and location services
Age Limit	35 Years (5 Years of age relaxation for ST candidates)
Emoluments	₹. 35,560/- per month
Job Description	Assisting the senior software development colleagues with all aspects of software design, coding and database development for software applications in disease data capture, checking, processing, analysis, reporting and data visualizations. The incumbent will have to provide required assistance to develop outputs on different aspects of the project or may be assigned any other responsibilities from time to time as per requirement.

2. Name of the Project: **‘Hospital Based Cancer Registries in India’ at ICMR-NCDIR, Bengaluru.** {Up to 31-03-2027}

Name of the Post	Project Technical Support – III (Programmer)
Number of Posts & Category	3 Posts (1-EWS, 1-UR, 1-OBC)
Essential Qualification	Three Years Graduate in Computer Application / Information Technology / Computer Science / Information Science from recognized University / Institution with three years’ experience OR Master’s Degree in Computer Application / Information Technology / Information Science / Computer Science from recognized University / Institution OR Engineering (B.E/B.Tech): First Class Four Years Graduate Degree in Information Technology /Information Science/ Computer Science from recognized University / Institution with three years experience
Desirable Qualifications	Android developer Java, Android, Restful API and JSON Parsing, Multithreading, Java, XML, HTML5, CSS3, PHP, Angular JS, SQ Lite, My SQL, Data Encryption, Google Maps and location services. Familiar with Restful API to connect to server and JSON parsing, multithreading and parallel processing, knowledge in SQLite and data encryption, Google maps integration and related APIs, strong knowledge of Android UI design principles, patterns and best practices. Should have completed a course in Android application development and have a strong understanding of Android SDK and mobile app development cycle. OR .Net developer C#.NET & VB.NET developer with good communication and analytical skills. The ideal candidate should be proficient in the following areas: .NET Framework 3.5, ASP.net C#.NET, VB.NET, .NET MVC, MS SQL Server, JavaScript, LINQ, WCF Services/Web Services, JQuery, AJAX, JavaScript,

	SQL Server 2005/2008/2012, web-designing skills with HTML 5, Bootstrap, Google Maps and location services
Age Limit	35 Years (3 Years of age relaxation for OBC candidates)
Emoluments	₹. 35,560/- per month
Job Description	Assisting the senior software development colleagues with all aspects of software design, coding and database development for software applications in disease data capture, checking, processing, analysis, reporting and data visualizations. The incumbent will have to provide required assistance to develop outputs on different aspects of the project or may be assigned any other responsibilities from time to time as per requirement.

Name of the Post	Project Technical Support - III (Statistics)
Number of Posts & Category	3 Posts (2-UR, 1-SC)
Essential Qualification	Three Years Graduate in Statistics / Biostatistics from recognized University / Institution with three years experience OR Master's degree in Statistics / Biostatistics from recognized University / Institution with three years experience
Desirable Qualifications	Knowledge of statistics related computer software like SPSS, R, EPI-INFO, EPISTATA & application packages like MS-Office. Two years post MSc research experience particularly in survival analysis/ cancer registry.
Age Limit	35 Years (5 Years of age relaxation for SC candidates)
Emoluments	₹. 35,560/- per month
Job Description	The candidate is required to provide assistance in data analysis and statistical outputs using modern medical statistical tools for implementation of this project or any other work as per requirement.

3. Name of the Project: **'CaRes NER – A Multidisciplinary Research Programme for Prevention and Control of Cancer in North Eastern States in India'** at ICMR-NCDIR, Bengaluru. {Up to 30-09-2025}

Name of the Post	Project Technical Support – III (Programmer)
Number of Posts & Category	1 Post (EWS)
Essential Qualification	Three Years Graduate in Computer Application / Information Technology / Computer Science / Information Science from recognized University / Institution with three years' experience OR Master's Degree in Computer Application / Information Technology / Information Science / Computer Science from recognized University / Institution OR

	Engineering (B.E/B.Tech): First Class Four Years Graduate Degree in Information Technology /Information Science/ Computer Science from recognized University / Institution with three years experience
Desirable Qualifications	<p>Android developer Java, Android, Restful API and JSON Parsing, Multithreading, Java, XML, HTML5, CSS3, PHP, Angular JS, SQ Lite, My SQL, Data Encryption, Google Maps and location services. Familiar with Restful API to connect to server and JSON parsing, multithreading and parallel processing, knowledge in SQLite and data encryption, Google maps integration and related APIs, strong knowledge of Android UI design principles, patterns and best practices. Should have completed a course in Android application development and have a strong understanding of Android SDK and mobile app development cycle.
Age Limit	35 Years Plus (3 Years of age relaxation for OBC candidates)
Emoluments	₹. 35,560/- per month
Job Description	Assisting the senior software development colleagues with all aspects of software design, coding and database development for software applications in disease data capture, checking, processing, analysis, reporting and data visualizations. The incumbent will have to provide required assistance to develop outputs on different aspects of the project or may be assigned any other responsibilities from time to time as per requirement.

Name of the Post	Project Technical Support - III (Statistics)
Number of Posts & Category	1 Post - SC
Essential Qualification	Three Years Graduate in Statistics / Biostatistics from recognized University / Institution with three years experience OR Master's degree in Statistics / Biostatistics from recognized University / Institution
Desirable Qualifications	Knowledge of statistics related computer software like SPSS, R, EPI-INFO, EPISTATA & application packages like MS-Office. Two years post MSC research experience particularly in survival analysis/ cancer registry.
Age Limit	35 Years plus (5 years age relaxation for SC candidates)

Emoluments	₹. 35,560/- per month
Job Description	The candidate is required to provide assistance in data analysis and statistical outputs using modern medical statistical tools for implementation of this project or any other work as per requirement.

5. Name of the Project: 'National Stroke Care Registry Programme: Development of Hospital Based Stroke Registries in different regions of India' at ICMR-NCDIR, Bengaluru. {Up to 30-09-2027}

Name of the Post	Project Technical Support - III (Statistics)
Number of Posts & Category	1 Post - ST
Essential Qualification	Three Years Graduate in Statistics / Biostatistics from recognized University / Institution with three years experience OR Master's degree in Statistics / Biostatistics from recognized University / Institution
Desirable Qualifications	Knowledge of statistics related computer software like SPSS, R, EPI-INFO, EPISTATA & application packages like MS-Office. Two years post MSc research experience particularly in survival analysis/ Disease registry.
Age Limit	35 Years plus (5 years age relaxation for ST candidates)
Emoluments	₹. 35,560/- per month
Job Description	The candidate is required to provide assistance in data analysis and statistical outputs using modern medical statistical tools for implementation of this project or any other work as per requirement.

Name of the Post	Project Technical Support - III
Number of Posts & Category	2 Posts (1-OBC, 1-UR)
Essential Qualification	Three Years Graduate in Statistics / Biostatistics / Life Science from recognized University / Institution with three years experience OR Master's degree in Statistics / Biostatistics / Life Science from recognized University / Institution
Desirable Qualifications	(i). Master's degree in relevant fields (Microbiology, Biochemistry/Bioinformatics/Biostatistics/Epidemiology/Public health or similar) from a recognized university. (ii). Knowledge of Computer Application. (iii). Work Experience in a health research projects. (iv). Good writing and communication skills
Age Limit	35 Years (3 years age relaxation for OBC candidates)

Emoluments	₹. 35,560/- per month
Job Description	The candidate is required to provide assistance in the implementation of the project. The work involves communication with centers, monitoring, coordination, literature search, filling preparation of reports or any other related work as per requirement

6. Name of the Project: **'Hospital Based Cardiovascular Disease Registry and Patterns of Care for Heart Failure in North-East Region of India' at ICMR-NCDIR, Bengaluru**. {Up to 31-03-2024}

Name of the Post	Project Research Scientist – I (Programmer)
Number of Posts & Category	1 Post - UR
Essential Qualification	<p>First Class Post Graduate Degree in Computer Application/ Information Technology / Computer Science including the integrated PG degrees from recognized University / Institution</p> <p>OR</p> <p>Second Class Post Graduate Degree in Computer Application/ Information Technology / Computer Science including the integrated PG degrees with PhD from recognized University / Institution</p> <p>OR</p> <p>Engineering (B.E/B.Tech): First Class Graduate Degree of Four Years in Information Technology / Computer Science from recognized University / Institution</p>
Desirable Qualifications	<p>.Net developer C#.NET & VB.NET developer with good communication and analytical skills. The ideal candidate should be proficient in the following areas:</p> <p>.NET Framework 3.5, ASP.net C#.NET, VB.NET, .NET MVC, MS SQL Server, JavaScript, LINQ, WCF Services/Web Services, JQuery, AJAX, JavaScript, SQL Server 2005/2008/2012, web-designing skills with HTML 5, Bootstrap, Google Maps and location services.</p> <p>OR</p> <p>Android developer Java, Android, Restful API and JSON Parsing, Multithreading, Java, XML, HTML5, CSS3, PHP, Angular JS, SQ Lite, My SQL, Data Encryption, Google Maps and location services. Familiar with Restful API to connect to server and JSON parsing, multithreading and parallel processing, knowledge in SQLite and data encryption, Google maps integration and related APIs, strong knowledge of Android UI design principles, patterns and best practices. Should have completed a course in Android application development and have a strong understanding of Android SDK and mobile app development cycle.</p>
Age Limit	35 Years
Emoluments	₹ 71,120/- per month
Job Description	To develop software application programmes for disease data capture, checking, processing, analysis and reporting. The incumbent will have to provide assistance in the implementation of the project and any other

related work as per requirement. Assessing system requirements, providing software solutions, developing APIs, database solutions and implementation of data standards.

7. Name of the Project: **“Strengthening the Medical Certification of Cause of Death (MCCD) practices in public and private healthcare facilities in India: Research to implementation”**. {Up to 30-09-2024}

Name of the Post	Project Research Scientist – I (Medical)
Number of Posts & Category	1 Post - OBC
Essential Qualification	MBBS degree from recognized University / Institution OR BDS degree from recognized University / Institution
Desirable Qualifications	(i). Post Graduate Qualification in Epidemiology Public Health (ii). Experience in handling software applications. (iii). Training/experience in Health Research.
Age Limit	35 Years (3 Years of age relaxation for OBC candidates)
Emoluments	₹. 85,090/- per month
Job Description	(i). Conduct literature review, synthesize and write reports on medical and public health topics (ii). Coordinate and conduct data collection at health facility and system level, Organize data management and transmission (iii). Training, guiding and supervising Project Staff in their day to day work (iv). Able to work in a team.

Name of the Post	Project Technical Support - III
Number of Posts & Category	3 Posts (1-OBC, 1-UR, 1-SC)
Essential Qualification	Master's degree in Public Health /Statistics / Biostatistics from recognized University / Institution
Desirable Qualifications	(i). Research/work experience in Hospitals/ Health system /Civil Registration and Vital Statistics system. (ii). Experience in handling softwares and MS Office
Age Limit	35 Years (3 Years of age relaxation for OBC candidates and 5 Years of age relaxation for SC candidates)
Emoluments	₹. 35,560/- per month
Job Description	(i). Data collection at health facility and system level, Data management, data cleaning (ii). Good skills in interviewing and Interpersonal skills and able to work in a team

8. “A national model to establish a cohort to measure burden and map quality of care for type 2 diabetes mellitus in India, involving medical colleges through primary health care setup- a feasibility study” at ICMR-NCDIR, Bengaluru. {Up to 28-02-2024}

Name of the Post	Project Technical Support – III
Number of Posts & Category	2 Posts (2-UR)
Essential Qualification	Three Years Graduate in Sociology/ Anthropology/ Biological science from recognized University / Institution with three years experience OR Master’s Degree in Life Science / Public Health / Statistics / Biostatistics from recognized University / Institution OR Master’s Degree in the relevant subject (Social Work / Sociology/ Anthropology/ Biological sciences) from recognized University / Institution
Desirable Qualifications	(i). Research/work experience in Hospitals/ Health system /Civil Registration and Vital Statistics system. (ii). Experience in handling softwares and MS Office
Age Limit	35 Years
Emoluments	₹. 35,560/- per month
Job Description	The candidate is required to provide assistance in the implementation, planning, monitoring the quality control of multi-centric project.

9. Name of the Project: ‘Setting up of Hospital Based Cancer Registry in Regional Cancer Centre at ICMR-NCDIR, Bengaluru’. {Up to 31-3-2026}

Name of the Post	Project Research Scientist – I (Non-Medical)
Number of Posts & Category	1 Post (UR)
Essential Qualification	First Class Post Graduate Degree in Computer Application/ Information Technology / Computer Science including the integrated PG degrees from recognized University / Institution OR Second Class Post Graduate Degree in Computer Application/ Information Technology / Computer Science including the integrated PG degrees with PhD from recognized University / Institution OR Engineering (B.E/B.Tech): First Class Graduate Degree of Four Years in Information Technology / Computer Science from recognized University / Institution
Desirable Qualifications	.Net developer C#.NET & VB.NET developer with good communication and analytical skills. The ideal candidate should be proficient in the following areas:

	<p>.NET Framework 3.5, ASP.net C#.NET, VB.NET, .NET MVC, MS SQL Server, JavaScript, LINQ, WCF Services/Web Services, JQuery, AJAX, JavaScript, SQL Server 2005/2008/2012, web-designing skills with HTML 5, Bootstrap, Google Maps and location services.</p> <p>OR</p> <p>Android developer Java, Android, Restful API and JSON Parsing, Multithreading, Java, XML, HTML5, CSS3, PHP, Angular JS, SQ Lite, My SQL, Data Encryption, Google Maps and location services. Familiar with Restful API to connect to server and JSON parsing, multithreading and parallel processing, knowledge in SQLite and data encryption, Google maps integration and related APIs, strong knowledge of Android UI design principles, patterns and best practices. Should have completed a course in Android application development and have a strong understanding of Android SDK and mobile app development cycle.</p>
Age Limit	35 Years
Emoluments	₹ 71,120/- per month
Job Description	To develop software application programmes for disease data capture, checking, processing, analysis and reporting. The incumbent will have to provide assistance in the implementation of the project and any other related work as per requirement.

Name of the Post	Project Research Scientist – II (Medical)

-----------------	---

Name of the Post	Project Technical Support - III (Statistics)
Number of Posts & Category	1 Post – (EWS)
Essential Qualification	<p>Three Years Graduate in Statistics / Biostatistics from recognized University / Institution with three years experience</p> <p>OR</p> <p>Master's degree in Statistics / Biostatistics from recognized University / Institution</p>
Desirable Qualifications	Knowledge of statistics related computer software like SPSS, R, EPI-INFO, EPISTATA & application packages like MS-Office. Two years post MSC research experience particularly in survival analysis/ cancer registry.
Age Limit	35 Years
Emoluments	₹. 35,560/- per month
Job Description	The candidate is required to provide assistance in data analysis and statistical outputs using modern medical statistical tools for implementation of this project or any other work as per requirement.

Terms and Conditions:

- Interested and eligible candidates who wish to appear for the walk-in-interview/personal discussions for the above-mentioned post may download the application form (attached) from the websites of ICMR/NCDIR. Candidates are requested to fill the application form and bring all the original certificates of educational qualification (Certificate/Statement of marks), experience certificates, etc., along with one set of xerox of the same duly self-attested and a recent passport size photograph for attending walk in interview. No need to send hardcopy of application form to ICMR-NCDIR, Bengaluru.
- Community/ Caste certificate: Candidates applying under **OBC** category shall submit self-attested copy of OBC Non – Creamy Layer Certificate in specified format, issued within one year from the closing date of application by the appropriate authority. Only Non-Creamy Layer OBC certificate issued within one year will be -accepted and other certificates will not be accepted.
- Community/ Caste certificate: Candidates applying under **SC/ST** category shall submit self-attested copy of SC/ST Certificate in specified format.

4. Candidates applying under **EWS** category shall submit self-attested copy of EWS Certificate in specified format.
5. Age relaxation against post earmarked for reserved candidates will be as per Govt. of India Norms. No age relaxation against Unreserved (UR) vacancy.
6. Age Concession: Age relaxation in respect of SC/ST/OBC candidates, retrenched government employees, Departmental Candidates (including projects) and Ex-servicemen in accordance with the instructions issued by the Central Government from time to time.
7. Persons already in regular time scale service under any Government Department / Organizations are not eligible.
8. Qualification and experience should be in relevant discipline/ field and from a reputed institution/ organization recognized by relevant authority. Age and Experience shall count from the date of completion of minimum educational qualification.
9. Submission of incorrect or false information during the process of interview/ personal discussion shall disqualify the candidature at any stage.
10. Mere fulfilling the essential qualification/ experience does not guarantee selection.
11. The above posts are contractual and duration mentioned in each project, subject to satisfactory performance and requirement of the institute, the contract may be extended.
12. Age will be reckoned from the last date of receipt of application by email.
13. This post is purely temporary and co-terminable with the project. Employees will be engaged on consolidated pay basis.
14. The appointment will be made on the basis of results of interview / personal discussion.
15. The selected candidate will not have any right to claim for regular appointment in the Council on the basis of contract appointment.
16. The Director, ICMR-NCDIR reserves the right to increase or decrease the no. of posts or reject the applications or cancel the notification without assigning any reason thereof.
17. No TA/DA will be paid for appearing in walk-in-interview. Any canvassing by or on behalf of the candidates or to bring political or other outside influence with regard to selection/recruitment shall be disqualification.
18. Separate application form should be filled for each post.
19. **Shortlisting Criteria:**
 - a) The shortlisting is based on criteria fixed by ICMR-NCDIR.
 - b) In the first instance, all the candidates who fulfill minimum eligibility criteria, in respect of age, educational qualifications and experience, etc (wherever required), shall be shortlisted.
 - c) If the number of such shortlisted candidates are high and it is not possible to call all of them for interview, then the ICMR-NCDIR shall further shortlist the candidates, on the basis of some suitable shortlisting criteria, as may be fixed by the appointing authority i.e. Director, ICMR-NCDIR. Though this may vary from case to case, depending on merits, ICMR-NCDIR, generally prefers to call candidates with higher experience in the relevant fields or candidates with higher educational qualification or both, as the case may be.

Note: The purpose of shortlisting candidates is to restrict, to a reasonable limit, the number of candidates to be called for walk-in-interview, keeping in view the number of vacancies available at a time, the number of candidates satisfying the Essential Qualifications and other conditions prescribed. In order to rationalize the time of the interview Boards are also to reasonably restrict the number of candidates to be called for walk-in-interview, a set of norms have been adopted with the approval of the Competent Authority, which are indicated below:

For one vacancy	Up to 12 Candidates
For 2-3 vacancy	Up to 24 Candidates
For 4-6 vacancy	Up to 36 Candidates
For 7-9 vacancy	Up to 48 Candidates
For 10 vacancy and above	Up to 50 Candidates or above (5times the number of posts)

20. Candidate possessing the above essential qualification and experience may come for walk-in-interview / personal discussion at ICMR-NCDIR, Nirmal Bhawan, ICMR Complex, (II Floor), Poojanahalli Kannamangala Post, Bengaluru-562110 on the date indicated below.
